MEMORANDUM FOR THE RECORD

SUBJECT: OPEI PI & S&T Studies

25X1
25X1
1. [] and the undersigned met with [] on 7 July 1978 between 1000 and 1030 hours to discuss the status of the studies which [] has been monitoring for OPEI. Bill will be returning to DARCOM for duty on 10 July 1978.

2. Purpose of this memorandum is to summarize the above discussion.

a. PI Study. Bill reported that he now has a rough draft of the PI study. It is presently being edited by NPIC. NPIC is also responsible for printing it. It will be a TS-TK document. Bill also stated that it should be available for review by 12 August 1978.

b. S&TI Studies. [] is funded through the end of this calendar year to complete three technical reports on scientific and technical intelligence (S&TI). The first report will be on CIA S&TI. A draft of this report should be circulated for comments by 31 July 1978. Final report should be available by the end of August 1978. The second report is on scientific and technical intelligence support to developers of military tactics and doctrine. It should be drafted by approximately 1 October 1978. The final report is on the evaluation process for S&TI. This report should be ready in draft form by 1 December 1978.

c. Bill turned over to the undersigned three copies of a report entitled "Intelligence Community Support to Research and Development." Bill also turned over several copies of two different executive summaries prepared at [] request. Summaries are entitled "Opportunities for Major Improvements in Support of Defense R&D by the Intelligence Community."

3. Bill indicated that he would probably have to make one more TDY trip to complete his work on these studies. The trip would be to Fort Huachuca, Arizona, to talk to Brig. Gen. B. Stubbeline about the Army's use of S&TI in the development of military tactics and doctrine.

SUBJECT: OPEI PI & S&T Studies

25X1 [] indicated we would fund the TDY and any other TDY which
might be required to complete the four reports. Finally, Bill rec-
25X1 ommended that [] consider sending a letter to Dr. Richard
Haley at DARCOM, requesting that Bill be permitted to work on these
studies on a part-time basis until they are completed. []
25X1 indicated he would do so. Frank said he would draft a proposed letter
for [] signature.
